Message from Evie

Welcome to the second edition of the Farmhouse Report! I am constantly reminded that **CONSISTENCY IS HARD!** No one ever wants to admit it, but I'm consistently saying it! 😊 When you have an entrepreneurial spirit, it's hard to sit still. Boredom can trigger a restless urge to chase a metaphorical jack rabbit. Establishing consistency takes effort and it's a process that I've learned over the years. It brings order to this crazy brain full of plans, projects and ideas that to some can seem overwhelming; but to me it's just Tuesday. Putting things on my to-do list that I consistently need to do, like a newsletter, is practice. It's training for the bigger things like writing one sentence a day that eventually becomes a great novel. Well, it's not a novel yet, but it's a step towards a constant goal. So thank you for reading this second issue of the FarmHouse Report. I'm thankful for this season and for you!

Cozy Pop-Up Shop

Some of you may remember **Cozy Home and Table** in downtown Nevada. We've now added a pop-up shop in the new Market + Main attached to Renn's Cafe! Stop by, grab a cup of coffee, and browse through some of Cozy's favorite treasures. You'll also find goodies from other local makers and creators. Happy treasure hunting!

Wedding Feast Tips

I cringe when I hear **"we went to a wedding out of town last week and it took forever to get our food!"**

At Farmhouse Catering, we've learned to prioritize your guests' experience AND assist you with the planning process all at the same time. While we enjoy hosting a good two-sided buffet, what we really love is **family-style service** for large-group wedding receptions. We feel it is the only way to go and here's why:

We love the fact that salad and bread bring everyone to the table at the same time. No one has to get up, carry a plate, wait to be dismissed, or stand in line. Our staff can serve a room of 200 people in 10-14 minutes (trust us—we have timed it!!) It's the perfect blend of buffet and plated. If your goal is to eat all together and get the party started, this is the best way to go! Enjoy!

Family Style

"Our staff delivers bowls of food to your table. It's a great hybrid of a buffet and a plated meal. You choose how much you want on your plate without having to get up from the table."

Featured Recipe

You can see how I love my **Pumpkin Bar** recipe! It was given to me by my neighbor, Stephanie, over 17 years ago; before I ever launched my catering business. It's been a seasonal favorite ever since!

P.S. I use the canned pumpkin for this recipe.

Pumpkin Bars

4 eggs	1 ½ cups oil
2 cups sugar	2 cups flour
2 tsp. cinnamon	1 can pumpkin or
1 tsp. salt	3 small jars of
2 tsp. baking soda	strained carrots

Mix together and bake on 18 x 12 x 1 cookie sheet at 350 degrees for 15-20 minutes. Cool.

Frosting:

8 oz. cream cheese
½ tsp. vanilla
½ cup softened butter
3 ½ cups powdered sugar

Mix and spread over cooled bars. Sprinkle with chopped nuts if desired.

Enjoy the taste of Farmhouse Catering at home with our **Take & Bake** meals. Check out the menu; we'll start up again in January!
